Where not-for-profits go for help

Working towards a brighter future.

Foreword:

A shared vision for a stronger and more sustainable Not-for-Profit sector.

For many years, CommBank and Our Community have worked in partnership to support the ongoing development of financial capabilities, as well as literacy and governance skills, across the Not-for-Profit sector.

The ability to identify the tools and resources needed would not be possible without the valuable input and generous sharing of knowledge and ideas from so many people who work and volunteer their time within this key sector of the Australian economy.

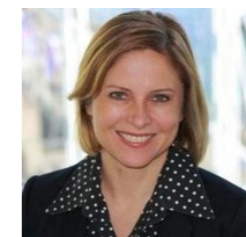

It is through the sharing of knowhow, and by assisting and supporting one another that the capabilities of the sector continue to grow. And, ultimately, the end beneficiaries are those within our community who need the support and services provided by Not-for-Profits and community groups across the nation.

2018 marks the fourth year of the annual Not-for-Profit Treasurers' Awards and Not-for-Profit Finance Week. It's a time when we take advantage of the opportunity to bring together leading experts from the Not-for-Profit and for-profit sectors for a week-long program of sharing skills and insights across a range of topical issues. From governance, fundraising, design thinking, cybersecurity through to deciphering financial statements, the week is designed to equip you with practical tools and insights which you can implement straight away.

The highlight of Not-for-Profit Finance Week is, of course, the announcement of the winners of the Not-for-Profit Treasurers' Awards. The role of a treasurer is not an easy one, with the ongoing viability of Not-for-Profits and community groups often depending on the Treasurer's ability to ensure high levels of governance are in place along with strong financial management. The Awards not only bring to the forefront the importance of good financial practice within the sector, but they also provide a public forum where we can all thank and recognise Australia's Not-for-Profit and community treasurers for the amazing work they carry out behind the scenes.

Congratulations to all the Treasurers who were nominated and who participated in the 2018 Awards. And a 'Thank you' to everyone who works in the Not-for-Profit sector.

On behalf of CommBank and Our Community, we look forward to continuing to work in partnership with the community sector and supporting you in the invaluable work you undertake each and every day. You inspire us all through your efforts, your dedication and your passion in strengthening our nation as we strive for a fairer, equitable and more inclusive nation for all Australians.

About Not-For-Profit Finance Week

Recognition and knowledge building.

Not-for-Profit Finance Week aims to enhance the financial literacy skills of staff, volunteers, board members and treasurers who oversee the finances of Australia's not-for-profit organisations and community groups.

Held in September each year, Not-for-Profit Finance Week features a program of free online educational webinars, as well as the announcement of the winners and nominated treasurers in the annual Not-for-Profit Treasurers' Awards.

Our webinars focus on some of the most topical areas facing not-for-profit organisations and are presented by leading experts.

Some of the topics we explore.

Questions your Board needs to ask about the finance

Overseeing the finances is probably one of the most important tasks you have as a board member. If you don't understand how the finances work, you'll be at risk of getting caught up if anything goes wrong. Understanding the finances will ensure you're in the best position to promote and fulfil your organisation's mission. What you need to know includes:

- The questions you should be asking and the reports you should be seeing.
- How to read, understand and act upon financial papers.
- Ways to build financial matters into decision-making processes.

You can find out more in the free *Damn Good Advice Guide for Board Members* available at communitydirectors.com.au/files/DamnGoodAdviceBoardMembers.pdf

Cyber-security awareness

- What are 'cyber-hygiene' factors and how do they apply to you?
- What are the current threats and how can you spot a cyberattack?
- What's the difference between Phishing and Smishing?

Cybercrime has become the second most reported type of economic crime in Australia. You can discover more in the free *Damn Good Advice on Cyber-Safety and Fraud Prevention and Cybersafety* which can be accessed from Our Community's website communitydirectors.com.au/icda/fraud

Accounting changes for the NFP sector

The Not-for-Profit sector is facing significant changes due to the implementation of four new Australian accounting standards from 1 January 2019. It's important to be aware of the impact these changes will have on your Not-for-Profit's financial statements, and what you need to be doing now to be ready for the new accounting requirements.

The Agile organisation

Once considered the next buzz word, 'Agile' has proven its staying power and its ability to achieve effective fast results and cost savings. Agile can help you make decisions to achieve the best from your people, your communications and your service delivery including:

- How to apply Agile in your organisation.
- Steps to bringing continuous improvement and flexibility to your workplace.
- Ways to keep your team focused on constant service improvement.

CommBank's specialist innovation team can answer these questions and provide you with a range of ready to use tools and resources. There's also a great booklet available when you complete one of our Innovation think tanks, workshops or masterclasses.

Navigating financial statements – the beginners guide

About the 2018 Not-for-Profit Treasurers' Awards.

Not-for-profit organisations are the glue which holds our nation together. We all, in turn rely heavily on our community treasurers who work tirelessly to ensure that our Not-for-Profit sector remains well placed to provide assistance to the most vulnerable members of our society.

The response to the 2018 Commonwealth Bank Not-for-Profit Treasurers' Awards was fantastic. Read a selection of the inspiring and glowing endorsements about Australia's community treasurers from some of this year's entries on the opposite page.

Commitment to community.

"Chris Barter moved to the tiny town of Birregurra to retire and run a B&B. He quickly became an active part of the community and with his background in accounting, he became treasurer for a community group that did a few projects and supported other groups. In 2016, Birregurra Community Group received a Regional Arts Vic grant of \$350k as part of Small Town Transformations-a project to rejuvenate our community hall. For 2yrs, Chris has tirelessly, and accurately, looked after these funds, negotiated funding with the shire and secured a further ~\$250k grant from the Federal Government to augment the original funding and make our hall a true 21st century community facility. Chris deserves this because of his commitment to our town and working tirelessly on this huge project."

Fiona Brandscheid, Birregurra Community Group

Vision for success.

"Lyn has been an exemplary and dedicated leader of Yumba Bimbi Support Services for seven years in her roles as both a Board member and Treasurer. Of particular note in the past twelve months is her stewardship, steadfastness and vision for success during this organisation's transition to the National Disability Insurance Scheme which has presented extraordinary challenges in business remodeling, financial forecasting and strategy. Impressively, Lyn continues to volunteer and contribute her skills and time to a number of other Boards and committees in the Central Highlands community both in the education and sports and recreation sectors. Her commitment to strengthening governance and building capacity within rural and remote communities is more than work, it is a passion."

Rachel Freeman, Central Highlands and Western Qld Family Support

Dedicated leadership.

"Braden Naylor has been Treasurer of Homeplace Living Supports for the past four years. Braden has lived experience as a parent of child with a disability and brings highly specialised Accounting experience to the board. During a sector changing reform, following the introduction of the NDIS, Braden's leadership has been vital in monitoring our financial position. Braden's careful planning has been a key factor in the strategic planning process, which underpins the successful execution of the organisational growth strategy. I have the pleasure of nominating Braden to the 2018 Commonwealth Bank Not-for-Profit Treasurers' Awards for his dedication and commitment to the mission of Homeplace. He has been an outstanding contributor to our success as we navigate through a changing industry."

Kim Thorpe, HomePlace Living Supports

Unsung hero.

"After our group reformed 18 months ago we found the old accounts hadn't been maintained. Thankfully we had Donelle to pick up the pieces and take control. She has changed account practices, created policies, spent many hours trying to organise access to old accounts and fulfilled high standards of compliance and internal controls. No one else wanted the role so without her work the group literally would not exist, resulting in no "voice" for the community, no free events like our kids weekly Zumba, night markets, Christmas celebration, community coffee, clean up days etc. The role is unseen and she doesn't get the recognition others do. BCV have established themselves as a leading resident group in the area and our continued success relies upon having such a dedicated treasurer."

Jo Forward, Beeliar Community Voice

Celebrating our 2018 Award Winners.

Many congratulations to our 2018 winners, who have made significant contributions to their community groups and wider community.

Jane Reilly
YWCA NSW

Jane Reilly is a senior audit partner at PwC, Treasurer of the Board of YWCA NSW and Chair of Finance Committee, overseeing the NFP program delivery and hotel/hospitality businesses; she was also Chair of Property Advisory Group which oversaw a significant investment in our major hotel adding much needed funding; a staunch supporter of numerous fundraising and branding opportunities; champion of pro bono support through professional contacts and partnering; but mostly we appreciated her warmth, enthusiasm and integrity she brought to every professional and personal contribution she made. YWCA NSW was recently part of a national merger which Jane contributed to over and above all her other commitments. She also has a wonderful family. She has been part of team of incredible women who have been invaluable to our organisation.

YWCA NSW was established in 1880 with a focus on supporting, educating and providing safe harbour for women, and today it is on the frontline for improving gender equality and eliminating violence against women. In June 2018, YWCA NSW became part of a national entity, YWCA Australia which achieves positive change by providing advocacy, programs and services for women, families and communities.

“ It has been a pleasure to work with an incredibly generous and talented Board of unique Australian women and to support the bold and committed staff at YWCA and the amazing work they do. I am grateful to have had the opportunity to contribute to improving the lives of Australian women and girls, and I am honoured and humbled to receive this award. ”

Mark Thompson
Balmain Rowing Club

Balmain Rowing Club's motto is 'Rowing for all'. The Club has 13 year-old rowers, 75 year-old rowers, para rowers and everyone in between. The club, like its wooden boat shed, is 136 years old in 2018 and we think of it as small but beautiful.

Mark was lured back into rowing after a 25 year break and has been the Honorary Treasurer for the past 3 years. He says that the 5 a.m. starts in winter were a great reason to have a 25 year break.

The club has gone from financial strength to strength in recent years but Mark points out that this is not his doing, it's from strong leadership, persistent fundraising and in-touch membership groups. Mark's focus is of course financial sustainability for a small club and his three rules are cash-is-king, be fully insured and don't borrow. The club is about to embark on a substantial building program without borrowing funds.

Mark's full-time role is as the National Operations Director of Amelie Housing, the community housing arm of the St Vincent de Paul Society. Part of Mark's job is to analyse financial trends and as a result, make good financial decisions and he brings this to Balmain Rowing Club via smarter management and meaningful reporting. Mark has taken advantage of technology that can automate accounting packages so the Treasurer's role can be more analytical and strategic as opposed to just transactional.

“ When members of the committee said that they wanted to enter me for this award, I said no way. But when they said the club would be entitled to \$5,000, I said do your worst, and they must have! I am very honoured to receive this award. ”

Suzana Vlahovic
Asylum Seeker Resource Centre

The Asylum Seeker Resource Centre (ASRC) is an independent Not-for-Profit organisation, whose programs support and empower people seeking asylum. The ASRC has grown significantly from its inception as a grass roots organisation to today the largest independent human rights organisation for refugees and people seeking asylum in Australia.

Suzana is Treasurer and a Board Director of the ASRC since December 2017. Suzana was motivated to join the ASRC, as she is a daughter of parents who migrated to Australia, and she has a genuine passion for people, human rights, and promoting diversity and inclusion.

Suzana is an Audit Partner at Deloitte Touche Tohmatsu, the world's largest professional services firm. She has employed her accounting background and experience to build the maturity of the finance function, the capability of the finance committee and strengthen financial governance. As the ASRC continues to grow, Suzana is looking forward to executing on the organisation's finance function roadmap of which she led the development.

“ I am delighted to be receiving this award as Treasurer of the Asylum Seeker Resource Centre (ASRC). I am privileged to work with such inspiring people at the ASRC and I look forward to continuing our great momentum in finance. ”

Supporting positive social and economic outcomes.

- Think tanks and masterclasses featuring the latest in design thinking methodologies.
- A range of training programs and expert consulting teams including cybersecurity and data analytics.

Specialist bankers

About Our Community.

The Our Community group provides advice, connections, training and easy-to-use tech tools for people and organisations working to build stronger communities.

Our partners in that work are not-for-profit organisations and social enterprises; government, philanthropic and corporate grantmakers; donors and volunteers; enlightened businesses; and other community builders.

Our vision centres on social inclusion and social equity. Our dream is that every Australian should be able to go out their front door and stroll or wheel to a community group that suits their interests, passions and needs - or log on and do the same.

We want to help make it easy for people to join in, learn, celebrate, worship, plant trees, play a game, entertain and be entertained, care and be cared for, support others and be supported, advocate for rights and celebrate diversity. To get involved. To be valued.
